

## **New Chapter Introduction and Instructions**

***Masters And slaves Together International, Inc.***, welcomes your desire to organize a new MAsT Chapter. For those of us who live the Master/slave or Authority-based lifestyle, an association like MasT provides a strengthening experience of acceptance and validation. Your success in planting a new MAsT Chapter can be most helpful in extending that acceptance and validation to those living an M/s lifestyle who may painfully feel the lack of such acceptance and validation in their lives.

The process of founding and sustaining any organization, however, is not an easy one. Your success will require a lot of work and a significant investment of yourself. We hope that you have already established relationships with a group of like-minded people living the M/s lifestyle in your area who are willing to assist in your MAsT Chapter formation.

You and your core group are not alone. ***slavegirl j, Membership Director*** (membership@mast.net), your region's Regional Representative and the Directors of our existing local MAsT Chapters are here to give you support, advice and assistance. We have been where you are and if you have problems, questions or need encouragement, please do not hesitate to email one of us at <https://www.mast.net/contact.php>.

There are a number of official documents you will need to familiarize yourself with to meet MAsT organizational requirements: ***MAsT Policy Manual*** and ***New Chapter Formation Manual***. You will also need to submit a ***New Chapter Formation Petition*** (all of which are available on <https://www.mast.net> website).

Please read all the materials before you go any further in your organizational efforts. And please feel free to make copies of the materials for the other members of your core organizational group. In addition, please watch the video ***So, You Wanna Start a MAsT Chapter***.

Once you have read the materials and have determined to proceed in forming a new MAsT Chapter, please fill out and mail the MAsT ***New Chapter Formation Petition*** to let us know officially of your intent, to give us vital contact information and to settle on a name for your new MAsT Chapter. The petition must be filled out electronically and submitted. The petition asks for the Director's and Co-Director's information and two (2) references for each. Please note the references can not be the same for Director and Co-Director. A third contact person may be requested if the Director and Co-Director are in the same household or in a relationship together.

If the MAsT Board of Directors accepts your petition, you will be contacted and introduced to your region's Regional Representative. They will help you with the remainder of the process.

Then follow the ***MAsT New Chapter Formation Manual*** and ***MAsT Policy Manual*** carefully. It is not quite a cookbook, but it will give you a step-by-step process for the successful formation and development of your new MAsT Chapter.

Please email ***slavegirl j, Membership Director***, if you have questions about what something means or if you need help with the process.

Our best wishes are with you as you begin this adventure. Nothing could make us happier than your ultimate success.

Sincerely,

Master Rodin  
Chief Executive Officer/President  
Masters And slaves Together International, Inc.
